

Neo Evolution

Personal

Re-think your office space with Neo Evolution

Visualise an office where architecture, furniture and technology all interconnect. By bringing together these elements, we can re-think our office space to reflect how we work.

Neo Evolution provides structure to workspace, supports individual or team work and gives users the freedom to work the way they want and to adapt and evolve with the changing workplace.

Neo Evolution

Personalise your space to meet your needs

Neo Evolution enables you to work the way you want. Work privately for one task, then adapt the workspace for a different activity or work style.

- 1 Surface mounted light
- 2 Desktop bookends
- 3 Slimline worksurface
- 4 Support leg
- 5 Hot box

Neo Evolution's key design features:

Post and Beam

A height adjustable post and beam that provides space with structure and offers infinite planning options to support individual or collaborative working.

Spine Wall

An arterial spine wall with zoned access to power and data providing instant user connectivity. The unique pass through facility allows cables to be accessed at any point along the beam.

Surfaces

A choice of tethered or mobile desktops, micro surfaces and shelves available in a collection of inspired finishes.

Adaptable

Neo Evolution

An adaptable workspace will evolve with your business.

Neo Evolution's off modular design provides the freedom to attach surfaces or screens anywhere along its post and beam structure. Add mobile elements if required to quickly reconfigure space for personal or team working.

Collaborative

Neo Evolution

Group users together for collaborative working by choosing a contemporary work style arrangement.

Desks can be added easily, or rearranged as a business grows and evolves.

Open

Neo Evolution

An open work style space combines traditional elements with a more fluid structure to improve communication and create more informal exchanges.

At the same time, users can adapt desktop height, storage, shelving and screening options to create a more personalised workspace.

- ① Height adjustable worksurfaces
- ② Mobile pedestal
- ③ Beam mounted storage box
- ④ Beam mounted acrylic screen
- ⑤ Rifle height adjustable leg

Neo Evolution

1

2

3

- 1 N-leg
- 2 Shelf bookends
- 3 Integrated power box

A dynamic working environment supports instant changes between personal and collaborative working in a single space.

This creative environment incorporates meeting space and provides instant plug and play connectivity for any user.

- ① Beam mounted light
- ② Satellite meeting table
- ③ MFC screen option
- ④ Meeting pedestal

Neo Evolution accommodates traditional and future ways of working.

Create an open, contemporary style with raised storage systems, add work shelves and low height storage as worksurface extensions.

Personalise and define individual space with lighting and screening.

Communicative

Height adjustable static and mobile tables are available in various shapes and sizes for task driven meetings.

Integrated power points offer simple user connectivity to power and data.

- 1 Integrated power box
- 2 Height adjustable conference leg

Neo Evolution

Nine standard board finishes are available for you to choose from and all desktops are manufactured from durable 25mm MFC with hard-wearing 2mm ABS edging.

NATURAL BIRCH	CALAIS OAK	WHITE
TYROLEAN BEECH	BAVARIAN BEECH	FERRARA OAK
FINO BRONZE	ICE GREY	TITANIUM

(Titanium finish is available on vertical surfaces only.)
